

TRCH/SEC Procedure 7.1

Introducing New Members to Circles

A proposal is made to the relevant Circle to add a new member at that Circle 's meeting.

Consent to meet the candidate will be sought, based on

- a. the need for the group to expand (eg. work overload, skills gap identified, need for new perspective)
- b. the specific skills, character etc that the potential new member would add to the Circle.

Then there is a meeting with the candidate (ideally before the next meeting) or invitation to the next meeting .

Circle then needs to give final consent.
